Step 4: Planning

HOW TO PURCHASE BULK PERMITS

If 20 or more permits are needed on a certain day or date range, an [Event Request Form](#) can be submitted to Stanford Transportation a minimum of 10 days before the event via the AIMS permit system. A voucher will be created and shared with you. Your group is responsible for sharing the voucher codes and permit purchase instructions with those needing to park. If Stanford Transportation creates a voucher code and less than 20 cars register, they will charge the PTA account for the price of the permit times 20 cars, which is the minimum. If more than 20 cars are registered, they will charge the going rate (daily or monthly rate depending on which voucher code is used) for the number of cars registered. Requests can only be submitted by a Stanford employee
